

Setting Up Forest Connect skill with Alexa

Before starting make sure the following devices are configured to the correct Wi-Fi network and ready to be used:

- Forest Wi-Fi dongle configured in Forest Connect app on your smartphone/tablet
 - Alexa Echo device
 - Your smartphone/tablet
1. Open the Alexa app, tap on 'More'
 2. Tap "Skills & Games"
 3. In the upper right corner click the search icon
 4. Search for 'Forest Connect'
 5. Within the search results tap "Forest Connect"
 6. Tap 'enable' or 'enable to use'
 7. Enter your Forest Connect app account and password, then tap 'Link now'
 8. Tap 'Authorize'
 9. Tap 'Close'
 10. Tap 'Discover devices', Alexa starts searching for devices. Your curtain motor should be found
 11. Tap 'Set up device'

Basic voice commands are:

'Alexa, *bedroom* 50%'. -> curtain opens 50%

'Alexa, turn on *bedroom*'

'Alexa, turn off *bedroom*'
